MRAC Board Meeting Minutes --- 3/26/07

6:59 PM
The minutes were read. Pancho KA9OFA made a motion to accept the minutes, seconded by Dick W9JBE. There was no official treasurer's report, so Howard AB9FH made a summary. Pancho and Dick made requests for updated member lists.

Joe N9UX gave a report on the FM simplex contest. There were approximately 30-40 logs; overall, very successful. The 501c guy is very busy with taxes; the subject will be brought up in a few months. Howard AB9FH gave a report on the Tech. class, and reiterated a desire for a General class. Next item was the voice mail; Howard checked it occasionally, but hasn't been able to delete any old messages. Mark AB9CD will send everyone a copy of the answering machine manual.

Joe N9UX asked about elections and a nomination committee, for which no one has volunteered yet. There was some discussion on people sitting at tables at swapfest. A working date for the 90th anniversary celebration is August 4th. Dave DeFebo will communicate with LEFROG about joining us; hopefully we will have more info soon. Pancho KA9OFA said he and Jim Tromblay will co-chair Field Day. Ted WA9RDI had a question regarding the microphone. Howard AB9FH said he would like a nicer microphone than the present one. Transportation for our special guests for the March meeting is already arranged. Howard AB9FH noted that our May meeting won't be held in the library. There was some discussion related to that, then Pancho KA9OFA made a motion to adjourn, seconded by Dick W9JBE.
Meeting adjourned 8:05 PM
